QUAY BET ON SUGAR.

And Tells the Senate Committee He'd Do It Again.

Senator Ransom, Like McPherson,

In replying, for his own part, Senator Ransom repeated the statement he said in the had made to a newspaper correspondent, that he never owned one certificate or piece of certificate of sugar stock in his life; that since he had been in the Senate he had never traded in one doilar's worth of stock of any sort, in any way, shape or form.

The correspondent had shown him a list of transactions in a broker's office, where his name occurred. He had taken the correspondent to his son George, where his name occurred. He had taken the correspondent to his son George, who stated in the presence of the reporter and others, that he had bought some sugar stock on the 17th or 18th of April. He put up a margin of \$10, which he paid the broker on sugar stock. He said on the same day he put up a martin of \$25 on cotton. He lost the cotton and made \$10 on sugar. After that he repeated the same bet on sugar, but not on cotton, and the Senator themen the lost the second.

The Senator then stated that his son had admitted further, that he and Capt. Barnes, a messenger at the Senate Commerce committee-room, after that, on two occasions bought \$10 worth of sugar stock apiece. The Senator said he asked the correspondent to examine his son fully as much as he pleased, and to see Capt. Barnes and examine him too.

Senator Gray asked: "Had you any knowledge whatever until this interview with the correspondent on the evening you mention, of the bets of your son with this broker in sugar and cotton?" Senator Ransom replied: "I never dreamed of such a thing. I never thought of it. I would not have believed it."

(By Associated Press.)

WASHINGTON, June 16.—Senator Ransom created a slight sensation when he appeared before the Senate Sugar Trust Investigating Committee to-day. He was asked, as were other Senators, who were before the Committee, the following question, by Senator Lodge: "Has any member of your family, or any person in your employ, or any clerk employed under the laws of the United."

the this morning, when the Tariff bill was taken up, the vote was immediately taken on the pending amendment of Mr. Peffer to transfer all manufactures composed wholly or in part of wool to the free list. It was defeated, 3 to 46. The three Populists, Allen, Kyle and Peffer, voted in favor of it. Mr. Hansbrough (Rep., N. D.) announced that he would have voted "yea" had be not been paired.

The Senate then plunged into the actual consideration of the woollen schedule.

Tae first paragraph (278), placing a duty of 15 per cent. on wool and nair in the form of stubbing, waste, rowing waste, mungo shoddy, corded waste. had doubled. Last year it had reached \$80,000,000.

Mr. Aldrich contended that there was nothing illegitimate in the manufacture of shoddy. The reduction in duty on shoddy (from 30 cents per pound to 15 per cent. ad valorem) proposed in the bill, Mr. Aldrich said, would stimulate rather than discourage the production of shoddy goods.
